

OUTDOOR ENTERTAINING, THE PIONEER WOMAN WAY

Ree Drummond reveals how to prep for a memorable outdoor bash.

1.

PLAN AHEAD.

Lay out plates, accessories and decorative items the day before the party so you won't have to hurry to arrange it all right before your guests arrive.

2.

MAKE EASY DISHES.

Prepare apps—a caprese platter, crunchy coleslaw, potato salad—hours ahead of an event.

Grilled meat is a go-to main course, but you can also cook brisket or a batch of roasted chicken legs the day before.

3.

PUMP UP THE PRETTY.

Amp up decor with fun pillows, seat cushions and assorted planters filled with herbs, flowers and even small veggie plants.

Use your yard as a playground.

Is it even summer without a few outdoor games? Invite loved ones to enjoy some friendly competition with a round of ring toss, cornhole or dice—but don't skimp on decor. Pepper in items like lanterns and a chic woven chair that will come in handy for quick breaks when the games heat up.
